Made For Life

The Steelite International Lifetime Edge-Chip Warranty is your assurance that all Performance and Distinction products manufactured in our UK factory are fit for purpose.

All Performance and Distinction products are made with high-alumina content to ensure ultimate strength. Vitrified Ceramics prevent crazing and cracking that lead to bacterial ingress over time, thus enhancing sanitation and food safety efforts. Each piece is inspected, examined and tested so you can be confident it will withstand the rigours of the modern commercial kitchen and remain chip-free. This commitment to quality excellence ultimately results in product that you will replace less often – great for your kitchen, great for your long term costs and great for the environment.

Secure Handle Adhesion

Every time you serve a customer with a Performance or Distinction cup or mug, relax in the confidence that the handle has gone through 7 different quality checks to ensure it stays where it belongs – on the cup!

Stackability

Stackable shapes result in space-saving solutions! A fully glazed base minimises contact, preventing damage and wear.

Microwave & Freezer Safe

Our products offer complete versatility. However you work, be confident our products work with you.

Thermal Shock Resistance

Performance and Distinction products withstand temperature fluctuations of up to 350°F. Work with our products and work with confidence.

Heat & Chill Retention

Piping hot main course or ice-chilled desserts, serve your food as it is meant to be served.

Stain Resistance

All products have great stain resistance, which means you can work comfortably with any food time and time again... without leaving a trace.

Glaze Damage Resistance

Durable transparent glaze on our white or decorated items provides an excellent quality finish and great performance in service.

Dishwasher Safe

Our products withstand the dishwasher better than most by enduring the rigours of the food service industry wash after wash.

We design our products for life.

Environmental & Sustainability Practices

Steelite International work closely with a number of suppliers and organisations, and are continually monitoring, developing and improving procedures to create minimum impact on the community and environment, while ensuing maximum efficiency and cost savings for the future sustainability of the business.

Steelite International is a member of The Green Organisation that rewards and promotes environmental best practice around the world, and the Staffordshire Business & Environmental Network, which aims to help local businesses reduce environmental impacts while also generating profits.

We have a dedicated and innovative approach to caring for the environment. In 2019 Steelite were awarded an engineering gold Green Apple Award for the implementation of a waste water centrifuge system.

Our new centrifuge system works by spinning waste material out of waste water at very high speed, the water is separated from waste glaze and then reclaimed saving around 20 cubic metres of water per day. This has dramatically improved the quality of waste water that does leave site. A part from significantly reducing water, it saves glaze and lowers energy usage on site too.

In 2007, the business became one of only five companies in the UK to install a Lamella system. Steelite is the only tableware manufacturer to use a Lamella system for recycling clay waste.

In addition to clay recycling, fewer chemicals are now required to separate waste. This has a positive effect on the environment and water discharged from the site is also purer.

The Lamella has significantly reduced Steelite International's impact on the environment. The company now recycles in excess of 99% of manufacturing waste. In 2010 we received a Green Apple Award for the Lamella project.

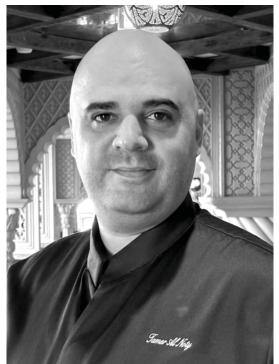

Sascha Stemberg, Chef/Owner • Haus Stemberg - Anno 1864. Velbert, Germany

Haus Stemberg has long been one of the established top restaurants in the Bergisches Land. The philosophy of tradition combined with innovation has been consistently recognised with a Michelin star since 2013. This family tradition began in 1864 at the current location in Velbert. In 2003 Sascha returned as the Head Chef in charge, he stands for sophisticated, fine regional cuisine. Since 2015, he has been running the house in the fifth generation with his wife Coren. "Steelite for me is the perfect match: From rustic, colourful tableware to elegant fine bone china, here I find a great selection for my different dishes and applications in fine dining or catering. However, what impresses me most is its exceptional breaking strength. Despite daily use, the breakage so far is virtually zero."

Tamer Al-Noty, Executive Chef • Dukes the Palm a Royal Hideaway Hotel, Dubai, UAE

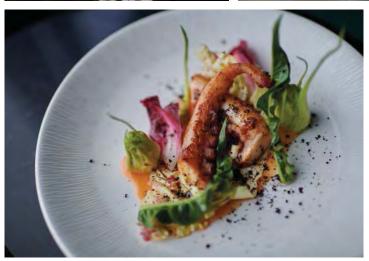

"At Dukes the Palm, we pride ourselves on delivering an exceptional dining experience to our guests, and William Edwards plates play a crucial role in achieving that standard. Their superior quality, durability, and elegant designs perfectly complement the aesthetics of our presentations, enhancing the overall guest experience. Personally, I have always loved white plates, as they provide the perfect canvas to make the food and its ingredients stand out, allowing the creativity and craftsmanship behind each dish to truly shine. Choosing Steelite is not just about functionality but also about aligning with our commitment to excellence and innovation in hospitality."

Testimonials The Steelite Experience

Peter Bradley, Director of Food and Beverage • The Westin London City, UK

Opened in 2021, The Westin London City hotel boasts an impressive riverside location and spectacular views over London's historic River Thames. Carefully designed with sympathy for local elements, every detail of this spa hotel has been curated to ensure customer experience is of the highest level. This includes the F&B offerings, whether it be in Hithe + Seek, a stunning wine bar with panoramic London views, or Mosaic, the convivial all-day dining restaurant. "I think the Art of Presentation is an excellent way of describing it because presentation is an art. It's not just about sitting down and having food or drinking a cocktail. It's about what it's served on. The reason we went with Steelite is because they proved themselves to be the best."

Ivan Capo, Head Chef • Weisses Rossli, Switzerland

Weisses Rössli has been part of Damn Delicious GmbH, the gastronomy business run by Federico Freiermuth. Federico bubbles with creativity and is constantly coming up with new ideas for Zurich's gastronomic scene. In September 2023, and at just 28 years old, Ivan Capo took over the helm in the kitchen. "I found that Steelite offers high-quality products that perfectly meet my specific requirements. Steelite's offerings consistently exceed expectations, providing customers with reliable solutions that fulfil their needs effectively. This commitment to quality ensures customer satisfaction and fosters long-term loyalty".

Testimonials The Steelite Experience

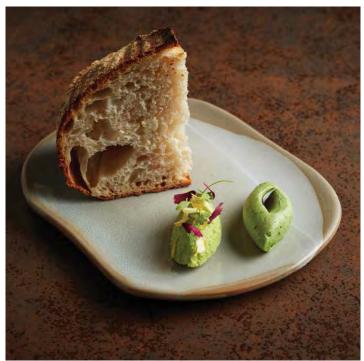

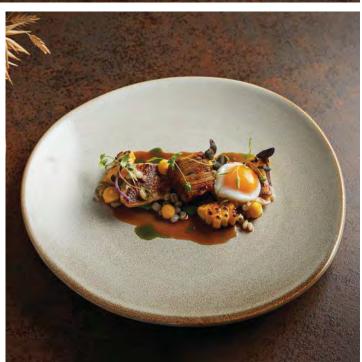

Massimiliano Mascia, Head Chef • Ristorante San Domenico, Italy

Opened in Imola in 1970, San Domenico had earnt its first Michelin Star in 1975, shortly followed by its second in 1977. Right from its beginnings in the 1970s, the San Domenico took a whole new approach to the restaurant business which had, until then, simply been seen as an alternative to the domestic model. "At the Ristorante San Domenico of Imola, the kitchen has close ties to the land, it is a place where we seek out the best ingredients, grown under the best conditions; it is a place of constant evolution, where new techniques are at the service of tradition." "As I see it, respect for ingredients and their seasonal freshness is essential as it lays the foundations for further research and innovation of preparation techniques".

Simon Hulstone, Chef Proprietor • The Elephant, Torquay UK

Run by chef proprietor, Simon Hulstone and his wife Katy, The Elephant was the first restaurant in Torquay to be awarded a Michelin star & the only one to retain it. Which it has maintained Since 2006. The restaurant offers a delicious à la carte menu and set menus featuring fish, meat and vegetables all sourced locally from the surrounding area. All dishes served at The Elephant change regularly depending on the locally grown and reared ingredients that are best. Many of these are sourced from their dedicated farm. "I've been working with Steelite for 20 plus years and not once has Steelite sat still, every season a must have range has been designed that sits perfectly with my restaurant, my food and my customers."

Testimonials The Steelite Experience

Asma Khan, Founder • Darjeeling Express, London UK • First British chef to be featured on Netflix's Chefs Table • Author of The Times Cookbook of the Year 2022, Ammu: Food to Nourish Your Soul, from a Life of Cooking Darjeeling Express started as a dinner for 12 guests at home, serving Indian food lovingly cooked from family recipes that go back generations. Though the restaurant has changed and grown over the years, Steelite have been there every step of the way. "Bringing a dish to the table is a very personal thing. It presents your entire brand so it has to be beautiful and meaningful. It's been a huge difference to work with a company so big but they came across so personal. That's the real achievement of Steelite, and for me, that's the art of customer service."

Geni Perramón, Chef • The Tavern of the Gourmet, Alicante Spain

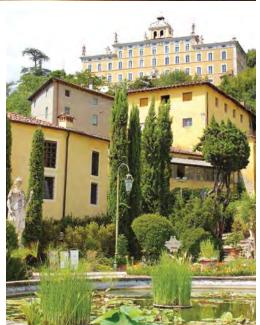

The Tavern of the Gourmet is a space where innovation is at the heart of service. Organic and traditional flavours, succulent tapas and montaditos, and salted cheese are prepared in a lively bar using the highest quality ingredients. The Tavern of the Gourmet is an example of the basic pillars of good cuisine: the best products, nice, comfortable space and professionalism. A gastronomic space that you must stop and visit. "Steelite is synonymous with bringing elegance to our tables. Excellent durability and service from the factory, also a lifetime edge chip warranty gives us peace of mind."

Testimonials The Steelite Experience

Iacopo Vannini, Chef Patron • Restaurant Villa Garzoni, Collodi Italy

The restaurant Villa Garzoni can be found in Collodi, the province of Pistoia revealing a perfect blend between the Tuscan traditional flavours and the innovation of contemporary cuisine, in a picturesque location. "There are moments in life when you meet someone for the first time and you feel you already know them. When I saw Steelite for the first time I was speechless, I knew I had found what I was looking for. I will continue to use Steelite for the rest of my professional life."

Brian Landry, Chef/Owner Qed Hospitality • The Kitchen Table Clermont, KY

Our restaurant, The Kitchen Table, is located on the Kentucky Bourbon Trail. When opening our restaurant, we wanted pieces that were upscale and comfortable, pieces that would highlight the nature of the Bourbon Trail. The Steelite products we selected are the perfect balance between high-end quality and comfort.

Jared Tees, Executive Chef • L'Auberge Casino & Hotel Baton Rouge, LA

Steelite always has something fresh on the horizon, and the collaborations with artists allow me to create a beautiful experience for our guests. The variety, from high end to casual and for specialties like Asian and sports bars, has enabled us to use it exclusively across multiple concepts. I appreciate that continuity, as well as the quality, pricing, and reliability. Working with the same reps over the last decade has also made this part of my job joyful.

Kimberly Lallouz, Chef • Restaurant Monsieur Montreal, Quebec

Steelite is everywhere around me – it's in all of my restaurants, in most of my photoshoots, and even my #1 choice for international competition plates. From Birdbar's laid-back fried chicken and champagne comfort dishes to Restaurant du MAC & Monsieur Resto+Bar more delicate and soignée plates. I love the variety, durability and look of the brand; there's something for everyone from the various lines that are offered. Customer service and client support are bar none, so it's a true pleasure for me to work with the reps and products alike every season.

Asteria

Elegant, sophisticated and bold

Taking inspiration from early Greek mythology, Asteria is the goddess of stars, adding a sweeping bold, design to the tabletop. When paired with Nyx, the goddess of night, they form an interesting set of light and dark, that proves to be elegant, sophisticated, and bold.

Urban

Heightened senses, amplified presentation

Urban appeals to a sharper, city aesthetic where food is still tied to the traditional values of honesty, integrity and authenticity, but requires a slightly more formal, more defined and refined presentation style. Emulating a concrete look, Smoke is a new collection of tableware that takes its inspiration from the aesthetics associated with the act of cooking. The subtle and nuanced tones of grey contrast with the darker reactive elements to mirror the effects of browning and searing, creating a connection between the food and the plate.

Craft

The original Craft

Steelite is proud to introduce four new shapes to the iconic craft collection, bringing a stacking element that adds an exciting dimension to the tablescape. Craft is inspired by hand-crafted, simple country wares made by generations of potters over hundreds of years. The range embodies the beauty of rich, lustrous glazes applied by hand, and celebrates chance effects and reactions which occur naturally in the kiln. The gem-like glazes married to simple forms and shapes produce a unique and individual appearance, giving Craft a rustic "joie de vivre".

Revolution

Nuanced artisan experience

Using reactive glazes that change in colour and intensity depending on their application, Revolution glazes are specially formulated to enhance all the nuances experienced in their execution. Applied by hand using a revolving motion, the path the brush travels across each piece is evident in the fired result. The glazed surface of each piece in the range is as different and unique as the artisan that created it. This provides an ideal platform for Chef to showcase their art, no matter what the cuisine style.

Revolution Edge

Casual and easy-going style

The use of hand-applied reactive glazes on Revolution Edge frames food beautifully, allowing for a slightly more formal approach to relaxed presentations. Revolution Edge allows food to be presented on a clean white platform complemented by a contrasting colour field. This has the effect of highlighting Chef's creativity, allowing it to speak for itself.

Revolution Edge can be used as a single colour presentation or mixed and matched freely with others in the range. It also co-ordinates beautifully with Revolution for a more casual and easy-going style.

Bead Wash

Classic contemporary

The addition of a hand-applied wash of colour to the Bead range provides a subtle but refreshing accent. This softens the look and adds a casual approach to the way Bead presents food. Classic, timeless, and perfectly proportioned, the Bead range takes on a Scandinavian feel in either the truffle or sage colourways and works brilliantly in either a traditional or contemporary setting.

The simple but sophisticated plate profile's allow Chef's space to present dishes that can 'breathe', whilst simultaneously being framed by a deep, gently-curving rim. This enables the ultimate showcasing of some of the most innovative and influential dishes belonging to this cuisine.

Koto

David Kinch

A daring pattern for a dramatic presentation

Koto, one of Steelite International's most unique ranges, was designed in collaboration with world renowned chef, David Kinch. The inspiration was drawn from ancient Japanese Tenmoku Glazes. These beautiful glazes vary subtly in texture and tone from piece to piece, embodying the craft of the traditional potter. The pieces are hand finished with a rich iron red glaze, which interacts in the kiln to produce a warm, organic, lustrous effect. The deep black textured surface allows food to be perfectly framed, adding drama and contrast to your presentation.

Frost

Frosted edge

This collection has been created in collaboration with two-starred Michelin chef Brett Graham. The rimless design means there's no visual distraction from the finest cuisine, while the frosted edge prevents finger marking as the plate is set down on the table. Extra weight has also been added to the centre of each plate, to optimise retention of heat or cold.

RENE OZORIO Rene Ozorio · Porcelain

ATELIER Atelier

"In praise of shadows" ~ Jun'ichiro Tanizaki

Atelier: the name evokes the hand of craftsmen and the tradition of artisanal fabrication. The realisation of this fluid optical design was through the collaboration with artisans, who hand carved the models for each piece. The calculation of the embossment and the glazing produces an effect of ebbing water in the tide pools. Designed with fine dining in mind, the lightness in weight and porcelain colour speak of quality and craftsmanship.

"Atelier is inspired by nature, light and shadows. I was reminded of the days by the sea, watching the changes in the sand & pools of water brought by the ebb & flow of the tides. The element of water in motion." ~ Rene Ozorio

Terrace

Simple, tactile, embossment

The Terrace range brings together the look and feel of Stoneware with the timeless appeal of a simple, tactile embossment. The range utilises semi-matt glazes which pool and interact with the embossed surface to give the impression of hand-worked, semi-precious stone.

The embossment is carefully arranged to draw the eye to the centre of each piece, where the focus is on the food, framing it perfectly. In addition to a useful range of standard coupe plate sizes, Terrace comprises a full suite of bowl sizes and shapes and a comforting beverage collection.

Coloured and neutrals/semi-matte glazes

Maham is a designer specialising in ceramics for chefs and restaurants. She has worked with the design group Queensberry Hunt for over 15 years on various design projects as well as working as an independent designer for retailers, factories and restaurants. For the Spice range Steelite and Maham explored the qualities of the unglazed outside and glazed inside, using a range of glaze effects - coloured and neutrals/semi matt and mottled. The range includes items not just for restaurants and hotels but also includes items for small bites/short eats and bar food. It mixes well with Craft, Brown Dapple, Robert Gordon and Anfora.

Off Grid Studio

The essence of hand-thrown stoneware

Steelite have teamed up with Off Grid Studio to create a unique collection of stoneware. A passion for hand-crafting ware on a potter's wheel led Off Grid Studio to start a business and build a 100% 'off-grid' home and pottery studio bordering a National Park in Gembrook Australia.

The raw clay body, representing the terra of the surroundings, is generally present in the minimalist stoneware shapes. Functionality and a strong connection to the hospitality industry drive the design process.

- Handcrafted aesthetic
- Fusion of form & function
- Unique collection
- Freezer, oven, microwave & dishwasher safe.

Gembrook

The essence of hand-thrown stoneware

Gembrook consists of two colours, creamy white and deep grey, where each item is decorated with a sheer white, hand-applied glaze, allowing the beauty of the clay to show through. The bottom of each piece and small portions of the top are unglazed, to authenticate where the potter would hold each piece while glazing, resulting in double dips, drips, and exposed clay lending to its hand-thrown authenticity. Meanwhile, a handful of pieces flaunt a distinct indent, which mimics the thumb mark of the potter and creates a conversation piece for diners.

Robert Welch. Sandstone

Our Designers have added a subtle feature, by incorporating a gradual fading of the texture into the neck of each piece. Sandstone is a slender pattern and has a comfortable, 'soft feel' in the hand.

The beautiful surface reflects the light with a gentle glow, creating a statement on the table alongside both formal and casual tableware.

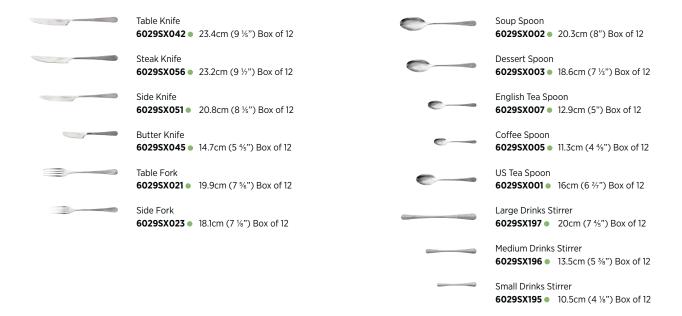

Skye Robert Welch.

Skye has a slim and elegant profile, with classic proportions and features a textured finish inspired by the silversmith technique of long hammer planishing. Made from the finest 18/10 stainless steel with a mirror polish.

Right Welch. Stanton

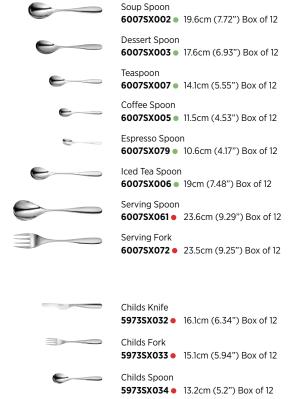

Stanton cutlery is an example of beautiful and exact sculpture; well-balanced and comfortable to use.

Finish: Bright 5973 Satin 6007

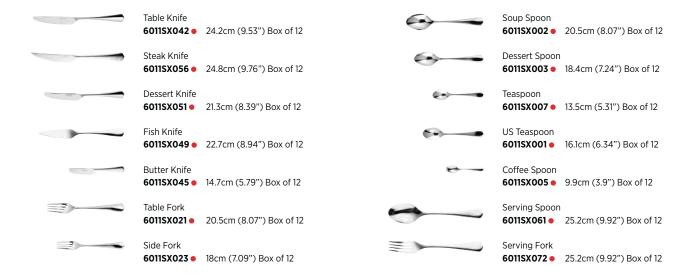

Westbury Bright cutlery is a geometrically inspired design, featuring an unusual angled v-shaped bolster on the knife. The tapered handles finish at a diamond point. Comfort in the hand is a Robert Welch Designs signature and whilst not an obviously curvaceous design, the finish of the pieces is smooth to the grip.

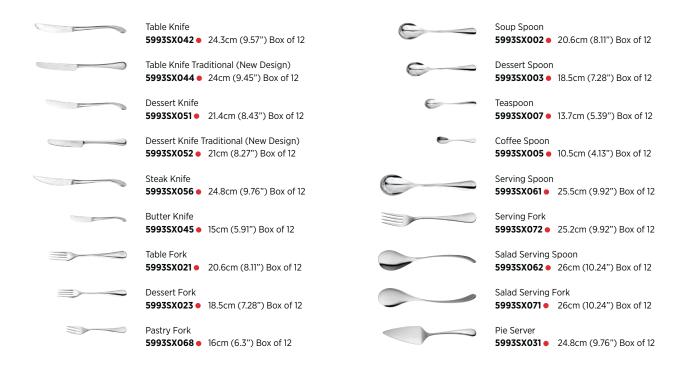

Robert Welch. Ashbury

Ashbury is a classic pattern with a contemporary twist; the knives feature a fluid curve which creates a feeling of movement. The table knife is designed to be poised for use, resting vertically with the cutting edge raised from the table top. The classic styling of Ashbury forks and spoons contrasts against the modern silhouette of the table, dessert and steak knives, as the gentle kick up of the end of the fork and spoon handles presents a mirror image of the downward curve of the knife handle. Traditionally shaped knives are also available.

Contour Noir embraces a contemporary styling of classic design. The vertical brushed steel knife blade is designed to rest traditionally or vertically on the table; either way sees the serrations raised from the table top. Knife blades are made from specially hardened stainless steel to provide the finest possible cutting edge.

Finish: Satin 6023

Trattoria When Welch.

A modern take on classic European bistro dining. The classic contemporary design makes Trattoria versatile and suited to both indoor and outdoor dining.

Liquid Candles

Candlelight without the melted wax mess

Liquid candles from Hollowick are the ideal choice for lighting up the tabletop. These liquid fuel cells burn cleaner than solid wax candles and are disposable, making clean up quick and easy without the melted wax mess. Available in a variety of sizes, a strategically chosen liquid candle will sit low inside a table lamp in order to illuminate the colours or beauty of the lamp itself. With a burn time that is twice that of a standard tealight, Liquid Candles from Hollowick are staple for those restaurants & hotels looking for the elegance of live flame.

Hollowick Liquid Candles

Proper use of liquid candles

In order to illuminate the colours and beauty of a lamp, select a liquid candle that sits low within the lamp, and does not touch the sides.

Hydraulic Chafers

Chafing dishes at a phenomenal price point

We are pleased to bring hydraulic closing chafing dishes to the Creations collection. Each chafer has a convenient large glass view in the cover in order to increase visibility of the food while minimising the times the lid is opened, therefore keeping the heat in and the food at proper serving temperature. Additionally, the easy-to-remove hydraulic lid closes on its own to ensure that food is kept safe and covered during service. Great for any buffet display, these chafers are induction capable and perfectly priced for even the most value-conscious operators.

Seventy percent of product damage/loss occurs at the dishwasher table. To avoid such damage, ensure that the dishwasher table has sufficient space to store dirty items and avoid overloading trays or trolleys.

All items should be separated into type prior to washing. All washing equipment chemicals should be maintained and checked regularly. Check stock often; storage facilities should allow for stock rotation to prevent overuse.
